**OUR  
18th  
TOUR**

It's a wonderful time of the year to be on tour. This year the Jefferson National Expansion Museum along with the Gateway Arch in St. Louis will welcome us. We'll visit the arch which towers 630 feet above ground with majestic views. The main floor (underground) houses a beautiful museum about the western expansion of the United States and more. In Branson we'll have four nights and at least eight shows.
